

Don Jones Memorial Scholarship Application

Fillmore Auto Show and Flea Market, Moravia, NY

Founded in 1975, the Fillmore Auto Show and Flea Market is an annual event held on the Sunday of Labor Day weekend at Fillmore Glen State Park in Moravia, NY celebrating classic and antique vehicles with a competitive show, great food and a popular flea market. The event is organized by a group of private individuals dedicated to two things: to the engineering, design and art of classic and antique vehicles and their social culture in America and to providing a venue for the group and other community organizations to raise dollars through concessions and show participation. Proceeds from the show are returned to the people of Moravia by way of those other supporting community groups and school groups, the Don Jones Memorial Scholarship and other national non-profit groups.

The Don Jones Memorial Scholarship is given to a graduating senior from Moravia Central Schools for the purpose of supporting their college education. It is named in honor of one of the founders of the Fillmore Auto Show and Flea Market, Don Jones, whose devotion to the restoration of cars and to the people of Moravia helped to inspire a community car show that has endured for more than 35 years.

To Apply for the Don Jones Memorial Scholarship

Please tell us about your high school career including grade point average, participation in school activities outside the classroom, leadership roles you have held, special recognition or honors you have received.

Please tell us about things you do outside of school including community groups, employment, and family responsibilities. Have you ever been involved with the car show through a group or individually?
