

Board of Education Goals 2024 – 2025

“We aspire to be a world class community school that is a district of choice.”

Board Development

The Board will implement the NYSSBA rubric for self-evaluation in June. The board will commit to professional development as a group around relevant topics relating to the district goals in order to increase board knowledge and awareness.

The Board will continue to actively participate in updating our district strategic plan facilitated by Blueprint Strategic Planning Service.

Financial Stewardship

The Board will present and propose a budget to the community that support a strong, progressive program for our students. The Board will monitor the budget through monthly annualized reports including reserve and interest tracking on a quarterly basis.

Policy

The Board will continue to utilize Erie I policy service to continue to review, revise and adopt policies for implementation.

Superintendent Evaluation

The Board will utilize the NYSSBA Rubric in evaluating the superintendent of schools.

Facilities

The Board will participate on a facilities committee with the goals of monitoring the planning and implementation of the capital outlay projects. The Board will commit to periodic walk-throughs to monitor progress of capital project work.

School Safety

The Board will participate on the safety committee with the goals of monitoring the continuation of safety procedure and measures in line with district-wide safety plan.

Participation in School Committees and Lobbying

Members of the BOE will actively participate in school committees including Facilities, Safety, Agriculture, Audit, Technology, Wellness, and Strategic Planning. The BOE will participate in the NYSSBA Annual meeting and Lobbying event as well as continue to support Administration in lobbying opportunities beneficial to our district.
